about ruth

Why did I get involved with Savvy Giving VA?

Great question! Five years ago my 7 year old son, Isaiah, was diagnosed with brain cancer. Like most children facing a medical crisis, he spent most days either in the hospital or at home because of his low immune system and in general feeling awful.

Research shows that our space contributes to more than 30% of any cure. Our interior space triggers the brain's healing process.

During these times, exhausted parents don't usually have the extra resources, whether emotionally or financially, to focus on their interior spaces.

This is where Savvy Giving by Design Virginia comes in. We are able to provide a healing and beautiful space to lighten the load at no cost to the family. This is why I'm passionate about what we do. I've been in their shoes!

SAVVY *Giving* **BY DESIGN**
virginia

SAVVY *Giving* BY DESIGN virginia

what

We select a child facing a medical crisis and transform their bedroom to improve the health and function and design at no cost to the family.

why

By transforming a deserving child's room we have an opportunity to make changes that promote healing both physically and emotionally.

who

Children 18 or younger in Virginia facing a medical crisis. If the child has siblings we will also design their bedrooms, as they are equally impacted during this time.

WHAT OTHER

WAYS CAN I HELP?

If you're not able to participate at the Sponsor Level at this time, would you consider helping in another way? Here are some other ways to get involved:

- Make a donation of products or services to use for a room makeover project
- Gift us a product or service that we can use as a raffle item
- Allow us to advertise in your store or office
- Organize a staff fundraiser
- Help us spread the word to your business network
- Tell your friends!
- Join our Facebook community
- Make an online donation
- Got your own idea? We welcome any ideas to help support our cause!
